ADAPTED MUSIC LESSONS

Individual sessions modified for the student in mind. The non-traditional lessons are ideal for students with special needs or certain health conditions. Adapted lessons are tailored to the students individual needs, learning styles, and ability level

EXAMPLES OF ADAPTATIONS

Simplified notation

Color coded, numerical, or alphabet notation

Visual aids

Use of chord buddy or E-Z chords for guitar

Large print music

Use of visual schedules and/ or timers for transitions

Longer or shorter lesson times

Specially designed grips for drum sticks or mallets

A-B-C keyboard stickers for easy identification of notes/ keys

TRADITIONAL MUSIC LESSONS

Providing fundamental music skills presented through the use of lesson books and workbooks that explore notation, pitch, rhythm, music theory, technique & artistry, and ear training.

Small Steps Music does not endorse any one particular music curriculum. We explore a variety of music activities, music, artists, instruments, props, and instruction books.
